

# Epoch® IceDancer™

## Invigorating Leg Gel

### Product Format

Clear gel in a flexible tube with a flip-top closure.

### Size

100 ml

## Product Overview

Refreshes and revives your legs. Whether you're working or playing, time spent on your feet can leave your legs feeling exhausted. Rub in instant relief with this soothing, alcohol-free gel formulated with natural wild mint (*Mentha arvensis*) used by Northwestern Native American tribes for soothing aches and pains and a combination of horse chestnut, eucalyptus and peppermint oil to stimulate tired, achy legs. This clear, cooling formula can be applied right over stockings and quickly absorbs into your skin, leaving legs refreshed and revived.

## Target Audience

Individuals who have tired, achy legs due to standing for long periods of time or being on their feet all day. Examples of people who would use this product are: nurses, flight attendants, presenters, food servers, retail salespeople and people who travel, hike or run.

## Product Benefits

- Revives, stimulates and refreshes tired legs.
- Cools and soothes achy legs.
- Alcohol-free, non-sticky, clear gel.
- Can be applied over nylons.
- Safety-allergy-dermatologist tested.

## Key Ingredients

- **Natural wild mint** (*Mentha arvensis*) used by Northwestern Native Americans to help revive and stimulate tired, achy legs. After spending long periods of time in the wild walking or running, the men would rub the natural wild mint on their tired, achy legs to refresh and revitalise them.
- **Horse chestnut** used to revitalise and stimulate legs, helping to ease the sensation of heaviness and swelling.
- **Eucalyptus, menthol and peppermint oil** combine to provide a cooling and invigorating sensation on the skin as well as a bold, refreshing scent.

## Usage/Application

Generously massage over lower legs, calves and behind the knees as needed. Wash hands after use. Can be applied over nylons.

## Demonstrations

Let someone experience the invigorating feeling. Simply have someone apply Epoch® IceDancer™ Invigorating Leg Gel to their legs for the immediate benefits of revitalisation as well as the stimulating and refreshing scent.

## Did You Know...

- Northwestern Native American men spent long days and nights on their feet while hunting in the wild. Many hours of walking and running exhausted the men and left them with tired, achy legs long before they could afford to rest. These men found instant relief by rubbing the natural wild mint (*Mentha arvensis*) leaves directly onto their legs. Afterwards, their legs would feel revitalised and invigorated enough to continue with renewed energy.
- A donation of \$0.25 from each Epoch® product sold goes to the Nu Skin Force for Good Foundation®, a non-profit organisation committed to creating a better world for children by improving human life, continuing indigenous cultures and protecting fragile environments.

# Epoch® IceDancer™

## Complementary Products

- **Epoch® Firewalker® Relaxing Foot Cream** a relaxing foot cream formulated with Hawaiian ti plant extract, traditionally used by Polynesian rewalkers to absorb heat and to cool and soothe the skin. Great for individuals who spend long periods of time standing.
- **Epoch® Sole Solution** this ethnobotanical cream contains crushed allspice berry (*Pimenta dioica*) and other skin softening ingredients to help soften and restore dry, cracked heels and soles.

## Frequently Asked Questions

*Will this product help with joint pain or joint mobility?*

Epoch® IceDancer™ is designed to create a stimulating sensation on the skin to invigorate tired and sore legs (or other areas). It could also assist in helping comfort tired or sore joints.

*People say that Epoch® IceDancer™ can be applied over nylons.*

*Won't it stain or ruin nylons? Won't it be sticky?*

Epoch® IceDancer™ was tested by numerous women. When applied over nylons, no one experienced staining or any other problems. Epoch® IceDancer™ is a very light gel so it is not sticky, whether applied over nylons or directly onto the skin.

*What is the difference between Epoch® IceDancer™ and Epoch®*

*Firewalker®?*

Epoch® IceDancer™ and Epoch® Firewalker® are two distinct products. Firewalker® soothes while IceDancer™ invigorates. Firewalker® is a soothing cream, usually used on feet that are hot, tired and sore. IceDancer™ is a light gel that leaves a cool, invigorating sensation on the skin. It is designed for use on the legs.

*Should I feel Epoch® IceDancer™ working right away?*

It may take a little while before you start to feel the cooling effects of Epoch® IceDancer™. Most people begin to feel the revitalising effects within five minutes.

*Is this product suitable for expectant mothers?*

Yes, this product is great for expectant mothers and anyone else whose legs need an energy boost.
