LIP GLOSS

HOW  
KISSABLE  
ARE  
YOUR  
LIPS?

**INSTANTLY PEP UP YOUR SMILE**

Give your lips a brilliant, kissable, sexy shine while brightening your smile with AP24 Smile Pop Lip Gloss! Infused with illumibright micropearls that actually bounce light, the gloss creates the illusion of smoother, fuller lips and a whiter, more look-at-me smile. Smile Pop also contains vitamins E and C and is enhanced with a fresh, vanilla mint flavor to keep your lips soft and oh-so-yummy.

**POP! DAZZLE! SHINE!**

Get an instant high shine. Use the pillowy applicator to smooth the gloss over your top and bottom lips for a more kissable, brighter smile.
