FREQUENTLY ASKED QUESTIONS

1. How long will the entire process of ordering take?

The LTO website can process up to 2000 orders per minute, and this is in the receiving of orders. The payment approval and readying of products for shipping may take a bit longer, especially since we are expecting a big volume of users during the LTO. With this, it is safe to say that in worst case scenarios, it may take a few hours to complete a transaction from start to finish.

2. When will the products arrive once I receive the shipment confirmation?

Similar to our normal shipment methods, within Metro Manila it is 3-5 working days and in provinces, 5-7 working days. For your own convenience, you may log on to our LTO website to personally track your shipment and use the tracking number that we will provide you.

3. Is it possible to use a combination of cards in ordering?

We strictly implement one card per transaction. For example the card you will be using can only accommodate 3 packages, and you want to order a total of 5, please transact the first 3 packages with that card (considered only as 1 transaction). The remaining 2 packages may be processed using another card. You will have to repeat the order process every time you use a different card.

4. What will happen if payment failed and my credit card is declined?

Order will be automatically cancelled. No stocks will be reserved. No inventory will be held. No payment amendment can be made online or via Nu Skin office. You need to recreate a new order with a different card and this is subject to stocks availability.

5. "Cross border" charges

Please note that since we are using an international payment gateway, cross-border charges may apply when using your credit card. You may contact your credit card company to inquire on these charges.

6. Is there a deferred payment/installment facility for this LTO?

We do not offer a deferred payment/installment payment for this online transaction. You may contact your credit card company to personally arrange such service for you.

7. On using another person's credit card prior to placing Nu Skin orders.

A one-time use Credit Card Authorization Form (CCAF) is required for all transactions especially when the credit card owner is not placing the order himself. CCAF is available in all our Walk-In Centers. Please keep this duly filled out CCAF for future references.

8. Is it possible to combine Company Credit and Credit Payment in a transaction?

No, as the system will only recognize one type of payment per transaction.

9. For the Company Credit, can I deposit an amount not equal to Php56,000?

No, we strictly implement that company credit facility be used only for the ageLOC Y-Span LTO. This facility will not be used to purchase other products or services. Please deposit the exact amount of Php56,000, and indicate the required information (please see under Payment Options) so we can properly credit the amount to the correct Buyer.

10. Can I pay using a check for the Company Credit?

Yes, but please take note that check payment has a 3-day clearing period. Nu Skin will only confirm payment once the check payment has been cleared.

11. Does Company Credit automatically reserve products?

No, the Buyer shall receive a notification from us 24 hours after the deposit was made, informing the Buyer to place the order at lto.nuskin.com. Once notification is received, please immediately log on to the site to place the order. This LTO is on a first come-first serve basis, thus company credit does not automatically reserve product stocks. In case that the stocks will run out before the end of the LTO period and Buyer was not able to place the order online, Nu Skin Philippines will return the payment to the Buyer.

12. Is it possible to pick up the orders from any Walk-In Center?

We are already making the product very convenient for you by shipping it directly to your address. Strictly no pick up of LTO products in any Nu Skin Walk-In Centers. Please do not also ship the LTO products to any of our Walk-In Centers as we will reject your order.

13. Can I have the products shipped to a client who is not a Nu Skin Distributor?

You can have the products shipped to any valid Philippine address. If you intend to send the products to a Client (non Nu Skin Distributor) directly, please be informed that the Buyer's name will still be reflected as the recipient of the products. You cannot change the Buyer's name to the Client's name at the LTO website as the system will not recognize this. Please coordinate closely with the client about this matter.

Example: Buyer = Juan dela Cruz
Client (non Nu Skin Distributor) = Pedro Reyes
Client's address: 123 Gomez St., Quezon City, 1100

The products will be delivered to the Client's address (Pedro Reyes), but the recipient of the products will be named after the Buyer (Juan dela Cruz).
