## WHAT POWERS IT

- **ageLOC Proprietary Blend**—exclusive technology that targets the sources of aging to promote a youthful, vibrant appearance.
- **Green Chiretta Extract**—known as a detoxifying plant in Ayurvedic traditional medicine, this extract promotes skin revitalization and reduces visible signs of fatigue.
- **Sea Daffodil Extract**—helps decrease appearance of dark spots, promoting brighter and more radiant skin.
- **Lactococcus Ferment Lysate (postbiotic)**—helps support skin's natural renewal process and cell turnover.
- **PrepPlus Blend**—has a unique ability to dissolve ingredients into a solution that supports the absorption and delivery of ingredients in subsequent skincare products.

## HOW TO USE IT

After cleansing in the morning and at night, dispense onto your palms and gently press into your face and neck until fully absorbed. It can also be applied with a cotton pad. Avoid the eye area. Follow with your choice of any ageLOC Tru Face serum and moisturizer.

## TRY THESE WITH IT

- ageLOC® LumiSpa® iO System
- ageLOC® Tru Face® Peptide Retinol Complex
- ageLOC® Tru Face® Future Serum

## RESULTS THAT PROVE IT

In a four-week, in-house study, where 19 subjects applied Refining Toner twice daily after cleansing, participants noted the following results:

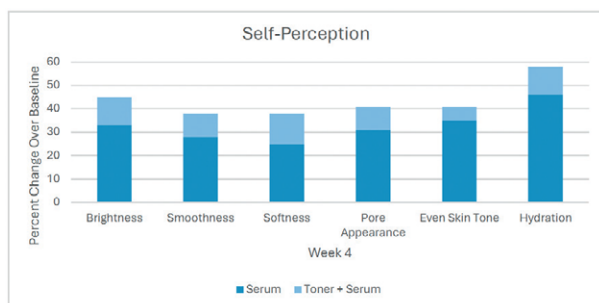

# ageLOC® TRU FACE® REFINING TONER

Skin Benefit	Percent Change Over Baseline	
	Week 2	Week 4
Brightness	26%	38%
Radiance	21%	35%
Smoothness	19%	36%
Softness	21%	42%
Pore Appearance	22%	36%
Texture	23%	42%
Skin Tone Evenness	23%	47%
Hydration	30%	45%
Overall Appearance	22%	38%

In addition, after just one application, subjects experienced a 33% improvement in hydration as measured by instrumentation. By week four, 95% of participants agreed that Refining Toner helped prepare their skin for maximum absorption of treatments that followed, helped boost their skincare routine's efficacy, and improved the application of their subsequent skincare.

## HALF-FACE COMBINATIONS

Additionally, another group of participants in the study were instructed to only apply Refining Toner to half of their face twice daily, following it with either ageLOC® Tru Face® Future Serum twice daily or ageLOC® Tru Face® Peptide Retinol Complex once daily, at night, on their full face. There were 13 participants in each of these groups, and they compared the results on each side of their face at specific timepoints. After four weeks of using these combinations, subjects noticed the following improvements when comparing the side of the face that applied both Refining Toner and Tru Face serum with the side that applied only Tru Face serum.

## LEARN MORE ABOUT IT

### Is ageLOC Tru Face Refining Toner harsh on skin?

While it's always recommended to perform a patch test before introducing any new product, Refining Toner is specifically formulated to be gentle on the skin and to support its natural microbiome.

### How often should I use Refining Toner?

Use Refining Toner twice daily, after cleansing your face with your favorite ageLOC® LumiSpa® iO System and before applying your ageLOC Tru Face serum product.

### What makes Refining Toner unique?

The multitasking formula not only helps support skin's natural renewal process to promote brighter-looking, radiant skin, but thanks to our ageLOC Blend, it also targets the sources of aging to promote a youthful, vibrant appearance. Plus, it helps promote skin revitalization and reduces visible signs of fatigue.

### What are "dermaceutical" products?

ageLOC Tru Face System products are the next level skincare system that merges dermatological science with cutting-edge cosmetic innovation. Powered by clinically proven, specially selected ingredients and advanced formulations, they don't just improve skin — they correct, transform, and restore it with precision. Backed by rigorous clinical testing, these products deliver dermatologist-level results that redefine what's possible in at-home skincare.

### What is the difference between skin prejuvenation and rejuvenation?

Prejuvenation means adopting a skincare regimen that includes products shown to help maintain youthful-looking skin and a healthy glow. Rejuvenation means adopting a skincare regimen that features products that can help revive and rejuvenate skin that is showing signs of aging, like lines and wrinkles, dark spots, etc.

### How does Refining Toner support Nu Skin's commitment to become more sustainable?

As responsible stewards of our planet, we have proudly designed the ageLOC Tru Face Refining Toner bottle with 25% recycled material. Please check your local capabilities and recycle all bottles, cartons, and jars where possible. By purchasing ageLOC Tru Face Refining Toner, you're joining us in taking an active, engaged stride to ensure the future is bright for both the planet and each of us.
